EDUCATION

Princeton University

June 2018

Princeton, NJ

- A.B. Candidate; Intended Concentration: Mathematics
Coursework includes: Complex Analysis; Theory of Computation; Great Economic Challenges of 2014; Elementary Hebrew I

West Windsor-Plainsboro High School North

June 2014

Plainsboro, NJ

- Co-authored paper "Determining the willingness to pay for ecosystem service restoration in a degraded coastal watershed: A ninth grade investigation" published in *Ecological Economics*; Co-founded History Bowl Club (team among top 8 in nation); Moody's Mega Math Challenge team among top 12 in country; USAJMO qualifier; member of math team that placed among top three in national competitions; took Accelerated Honors Analysis I & II at Princeton University during 12th grade; National Merit Scholar Finalist; National AP Scholar

EXPERIENCE

HSCTF

February 2014 - Present

Co-Founder, Lead Developer

HSCTF.com

- Founded international online computer science competition that inspired and educated over 2000 high school students from around the world, sponsored by companies such as Facebook
- In charge of back-end, front-end, and design for competition website

Fed Challenge

September 2010 - June 2014

Club President

Plainsboro, NJ

- Captain of 1st place team at Federal Reserve Bank of New York competition
- Analyzed US economy, prepared presentation, and answered questions from top Federal Reserve officials
- Tripled tryout attendance, taught macroeconomics to potential team members
- Met with public and private sector economists to prepare

ACM SIGGRAPH 2014

July 2013 - March 2014

Algorithm Designer and Web Developer

Princeton, NJ

- Asked by Professor Adam Finkelstein of Princeton University, ACM SIGGRAPH Papers Chair, to increase efficiency of program committee meeting using expertise in algorithm design
- Developed novel solution to efficiency problem (involving a reduction to the travelling salesman problem)
- Implemented algorithm in web app that also automated other components of the meeting
- Algorithm and software are now used to run every SIGGRAPH and SIGGRAPH Asia program committee meeting

ACTIVITIES

Program in Algorithmic and Combinatorial Thinking (PACT), (funded by National Science Foundation and hosted by Princeton University), Teaching Assistant, Fall 2012-Present

Princeton University Math Club, Academic Chair, Fall 2014 - Present

The Princeton Tiger, Writer, Fall 2014-Present

Princeton University Table Tennis Club, Member, Fall 2014 - Present

History Bowl Club, Co-Founder, Co-President, Fall 2010 - June 2014

Computer Science Club, Co-Founder, Fall 2013 - June 2014

Math Club, Secretary, Treasurer, Fall 2011 - June 2014

PROJECTS		SKILLS	
WordyScript	HackBCA Top 20 prize and Namecheap Prize	Programming Languages	Python, Javascript
Spellbound	Searches for spelling mistakes in Github repositories	Markup Languages	HTML, $\text{\LaTeX}$
WiNot	PennApps Spring 2014: Chrome extension that caches webpages for offline browsing
